

## CCP Sustainability Performance Statement

As part of our commitment to sustainable development and responsible sourcing the data below summarises our performance against key aspects of sustainability up to 2018.

These aspects have been prioritised from analysis of our operations and strongly reflect our commitment to membership of the British Precast Sustainability Charter Scheme, within which benchmarked key performance indicators have been agreed for common reporting and improvement targets.

The improvement targets we have set for each aspect are included in the table below along with the latest published BPCF average data for 2012.

Aspect	CCP 2010	CCP 2015	CCP 2016	CCP 2017	CCP 2018	CCP 2020 Target	BPCF 2012 Average	BPCF 2020 Target
Energy Use - kWh/tonne of production	26.7	35.34	29.13	26.21	29.96	2% reduction on 2010	20.4	10% reduction on 2012
Carbon dioxide emissions - kg/tonne of production	9.5	11.26	9.19	7.78	7.89	2% reduction on 2010	14.22	10% reduction on 2012
Mains water usage - Litres/tonne of production	37	35.1	30.9	40.1	27.3	1% reduction on 2010	46.8	20% reduction on 2012
Waste to licensed disposal - kg/tonne of production	5.52	0.92	0.34	0.40	0.26	1% reduction on 2010	39.7	Reduce to less than 0.5kg/T
Secondary/recycled materials content - % by mass	79%	50.8%	71%	71%	74.7%	>80%	51.2%	Increase to 25%
Resource Use - % Raw Materials Covered by UKAS Accredited ISO 14001, or Recovered Materials.	-	-	93.80%	94.44%	93.34%	Maintain +90%	Not Recorded	No Target Set
<b>Average delivery (Product)</b>								
Distance km		184.1	171	231.60	156			
Tonnes per delivery*	-	15	19.4	14.72	13.23	Increase > 20t/load		No Target Set
<b>Average delivery (Raw Materials)</b>								
Distance km		94.9	81.7	86.4	87.8	No Target	148	No Target Set
Tonnes per delivery*	-	19.1	16.4	16.8	16.3		17.45	No Target Set
							Not Recorded	
Training and development - Hours/employee	4.8	39.3	18.4	10.2	9.22	Maintain > 20+ Hrs	11.9	100% ISO14001/9001 Compliance
Number of environmental incidents resulting in conviction.	0	0	0	0	0	Maintain Zero	0	No Target Set

If you would like to understand further, have any views on our performance or have any queries with regard to our performance we would like to hear from you. Please contact us at: [info@cornishconcrete.co.uk](mailto:info@cornishconcrete.co.uk)
